## Superintendent's Highlights

The 1997-98 school year was highlighted by completion of the middle school. The elementary now houses grades K-5, the middle school 6-8 and the high school 9-12. New middle school programs include athletics, music, intramurals and an expanded academic curriculum.

At the elementary level every student in 2<sup>nd</sup>-5<sup>th</sup> grade has an individualized contract for Accelerated Reader and works to achieve a goal based on their reading level. Reading Recovery has been implemented to help at risk students with intense one-on-one instruction.

Malad High School continues to offer a wide variety of vocational programs. Each year we have added a couple of new vocational programs, giving students more choices and opportunities to succeed in the world of work. We now have an aggressive school to work program going in our school.

Continued emphasis on college prep courses offered at the school and over distance learning provides excellent training for the college bound student.

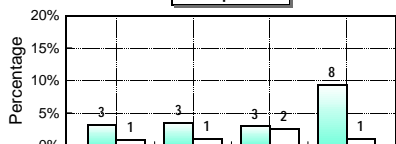

Site-based teams continue to evaluate student achievement, make recommendations for curriculum improvement and oversee changes as they are implemented. Oneida School District continues to strive for "Success for Every Student" with excellent academic and extra-curricular programs.

## Progress Towards Meeting District Goals

### 1997-98 Goals

### Progress

Teach, evaluate and improve district-adopted curriculum at each grade level.

\*New reading program K-5  
\*Reading Recovery implemented  
\*Expanded middle school curriculum  
\*Added vocational offering on high school level  
\*Implemented School to Work Program

Keep parents informed and encourage their involvement

\*Over 1000 volunteer hours  
\*Parent volunteer programs in place to help in reading, computers and writing.  
\*Parents serve on School Improvement Teams  
\*Weekly school coverage in local newspaper

Decrease the dropout rate

An alternative classroom was available for students who were not successful in regular classrooms, providing one more opportunity to stay in school.

Provide opportunities to help each child become an effective communicator

\*All students have access to internet, word processing, magazine and data bases and electronic encyclopedias for research projects  
\*All elementary students receive technology instruction weekly  
\*All students present at least one oral presentation per year on a topic they have researched and developed
